Age Eligibility

A player's age division is determined by the athlete's age on August 1st of the year in which the tournament is being held.

Example: If a player is 14 years old on August 1, they are eligible to compete in the 14&U division. If an athlete turns 15 on July 31, his/her age is 15 on August 1st and is therefore no longer eligible for the 14&U division. They are, however, able to participate in the 16&U division.

Example 2: If a player turns 15 on August 1, his/her age is 15 on August 1st and is therefore no longer eligible for the 14&U division. They are, however, able to participate in the 16&U division.
